FIXING INSTRUCTIONS

The recommended adhesive is Dextine until to the consistency directed on the packet. This should be "knuckled" on to the edges and those parts of the panel which will be in contact with the surface. A few needle points or pins will be necessary to hold the panels in position until the adhesive has set.

No. 138 24" x 24" 4.6 per Panel

SOUND ABSORPTION

The Anaglypta ceiling panel shown at left has been designed for acoustic efficiency. A room with this ceiling is quiet as, without echo, the sound being absorbed by the design and the special properties of the material.
